## **DETAILED ACTION**

### ***Election/Restrictions***

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. **Claims 1-6, 12-15, 17-19, and 21-52**, drawn to a transmitting apparatus that identifies information received from a receiving apparatus, so as to select the communication path of a public telephone network or the Internet for image transmission, classified in class 358, subclass 439.
  - II. **Claims 7-11, 16, and 20**, drawn to a receiving device that receives image information over the Internet and transmits capability information to the transmitter side, classified in class 709, subclass 242.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as a facsimile device which can transmit a facsimile message over a PSTN or the Internet, depending on a receiver's preference, while invention II has separate utility such as an e-mail server that receives e-mail, and transmits current image processing capabilities of the server to a sending computer. See MPEP § 806.05(d).

Art Unit: 2622

3. A telephone call was made to Steven R. Wegman on Friday, August 2, 2002 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
